You can buy a single barrel from these sellers if you only need one. Based on the balance sheet and the payout history, we think investors should expect eBay to maintain a double-digit dividend CAGR in the 10% to 15% range. eBay is an established eCommerce retailer with strong cash flows, high margins, a strong balance sheet, and pays a nice dividend. There is some debt on the books to be aware of but it's very manageable and balanced out by a high cash position, low leverage, and ample coverage. As for the value, eBay is only trading about 15X this year's consensus estimate and 14X next year which we think wrong for two reasons. If you're considering buying through a website, be sure to check on the shipping costs. Click to view the detailed equipment information dynapac vibratory double drum asphalt rol. The GAAP \$0.82 is up 29% from last year but missed its target by \$0.04 while the \$1.09 in adjusted earnings is up 41.5% and beat by \$0.02. eBay Provides Deep Value And Yield eBay has only been paying a dividend for three years but it looks like it could keep paying and increasing the distribution for years to come. NEW WITH TAGS Bomag 5570124 Arm Rest for . The caveat is that price action is already trading in a range where strong support might be found so the bottom may be closer than it looks. If price action is able to hold up at the \$57 level eBay will likely begin trading in a range with \$64 as the top for the next few months.Featured Article: What is Cost of Debt?
